## Bartholomew Barn

Authentic materials have been used throughout this fully restored barn to provide a modern finish while retaining a cosy rustic atmosphere. A huge wood burner at one end of the main barn makes it equally suitable for winter wedding receptions.

In spring, the woods behind the barn are carpeted with bluebells and the pretty cottage gardens are full of colour.

Double doors lead from the barn onto a charming courtyard with a central, formal fishpond. With umbrellas providing shade in summer and patio heaters for warmth on cooler autumn days, the courtyard is perfect for a drinks reception.

In addition to the Main Barn, a smaller open-sided barn runs the length of the courtyard. Decorated with flowers or fairy lights it makes a lovely spot for a barbecue or hog roast.

### ***What other couples say about Bartholomew Barn:***

Having looked at almost every other venue in Surrey and Sussex we wished we had come here first. The location is so tranquil and idyllic and it really made the day. Many of our guests commented on how beautiful the location was and asked how on earth we'd found it. Frances was fantastic, always welcoming and accommodating and I would highly recommend this venue. Louise and Peter

*What a fantastic venue! The Barn is perfect, rustic and charming and the gardens are stunning. Set with fields surrounding it you truly are away from everything. Frances, the owner, really looks after you and gives you a personal touch. We were absolutely delighted with the Barn and so pleased we found it!! Everyone who came said what a perfect day it was. Emma and Eddie*

I've been engaged for a long time but I always knew that Bartholomew Barn would be the one as I'd seen the photographs of someone else's wedding. When I finally visited it was exactly as I'd imagined. I loved it. Nadine

*We are quite laid back and like people to relax and enjoy themselves around us so we felt that a barn would be a perfect place. We looked at some nearer home but they were either not available or were not quite right. From the moment we turned into the driveway and travelled down the long path, we tingled - Bartholomew Barn looked so beautiful. Frances, a wonderful woman who made us feel at ease right from the start, greeted us. As we stood in the barn and heard a bit about how it came to be, we loved it and then we discovered there was more, a magnificent courtyard, perfect for a relaxed evening chat and drink around the pond. Re-visiting at night with all the fairy lights on and candles lit it was magical. Within minutes of seeing it our mind was made up! Kate and Martin*
